1. AI-Powered Meeting Summaries for Faster Minute Preparation

☒ **Discussion**  [Comment](#) [View Item](#)

Learn how CivVideo's new AI-powered meeting summaries help streamline the minute preparation process. This short demonstration shows how meeting videos can be automatically summarized and displayed alongside the minute editor, giving clerks a powerful reference while drafting accurate meeting minutes.

View the demonstration video for a quick walkthrough of the feature and how it integrates directly into the CivAssist workflow.
