Annual Presentation from the Timber Heritage Association (THA) to
RE: Satisfy Terms of the Memorandum of Understanding between GRTA and THA

BACKGROUND:

The GRTA and Timber Heritage Association (THA) have had a Memorandum of Understanding (MOU) since 2011 pertaining to use of GRTA Property for public events, maintenance and cleanup activities. The MOU was updated in March 2024 to use GRTA's current agreement template language, clarify the GRTA Property locations included for use to sections of the rail corridor in Manila, Samoa, and Oldtown Eureka, and improve the process for coordination between GRTA and THA as outlined within the MOU. In order to satisfy terms of the MOU, THA is required to provide the GRTA Board of Directors with an annual report of its activities. Sean Mitchell, President of THA will give a report during the board meeting.
