

Jon Kennedy

Isleton City Manager

Hello Mr. Kennedy,

Following our discussion regarding the current project agreements between the City of Isleton and the Sacramento Housing and Redevelopment Agency (SHRA), a mutual decision was made to cancel the City Park and Gazebo Restroom Project, the Main Street Rehabilitation and Streetscape Project and the Wilson Park Rehabilitation Project. This letter serves as formal notification that these projects have been cancelled as of the date of this letter .

Please let us know if you would like to revisit funding these or other projects in a future Action Plan.

Please contact us if you have any questions or concerns regarding this decision.

Thank you,

Stephanie Green,

Program Manager, Federal Programs

Sacramento Housing and Redevelopment Agency
