Good Morning Board Members and Staff,

I am writing to request that I be considered to fill one of the vacant board seats on the IVCSD board. As a long time critic of this organization, I believe it is time for me to step up and be a part of the solution, if you will have me.

My qualifications include:

A true desire to do what is best for our community; a solid understanding of how meetings are to be conducted; a vision of what this community could be and IVCSD's role in that future.

I believe that it is time to get back to the basics. It is time to establish confidence and pride in this organization again and that we can accomplish this by fixing the billing problem, focusing on quality service, building a thriving Fire Department and utilizing Round Valley Reservoir. I believe that if the CSD is solid and

thriving, that our community will thrive and solve many of the problems we are faced with on their own, as free, sovereign, competent folks do.

Thank you for considering me for this position. I look forward to the opportunity to work with all of you as we find solutions to our challenges and continue to rebuild our town.

Thank you for all each of you have done and for your service to our community.

All the Best,

Dan
