Revision No: 11

Date: 31 July 2025

Submitted By:

Eileen Zadnik, Sales Development Specialist

David Gagetta, Capital Account Manager

**Please submit your quote and purchase order directly to your
Account Manager or to SterileProcessingCapitalOrders@steris.com**

STERIS is pleased to make the following proposal for your consideration:

Voltage, utilities and configurations must be confirmed prior to order placement.

Customer responsible for ensuring utilities and infrastructure meets equipment requirements per the equipment drawing.

Accessories will need to be confirmed to make certain all Customer needs are met.

STERIS Account Manager will confirm the delivery date with Customer roughly 45 days prior to scheduled shipment. At that point, the manufacturing process cannot be altered. In the event the Customer extends the agreed upon delivery date, title to equipment will transfer from STERIS to the Customer post-shipment, and applicable storage and handling fees may be applied.

NOTICE: The sale of Products or Services covered by this Quotation is subject to STERIS Corporation's Terms and Conditions of Sale which can be found at <http://www.steris.com/sales-and-installation-terms-and-conditions>. Warranty terms for Certified Pre-Owned Equipment can be found at https://www.steris.com/about/terms_sale/certified-pre-owned-equipment-warranty. Any additional or different terms or conditions proposed by Customer are rejected and will not be binding upon STERIS unless specifically agreed in writing by an authorized representative of STERIS.

5.0000	SR0201110311 GTIN: 00724995209445	Amsco 400 20X20X38 Prevacuum Single Sliding Cabinet Electric 480V The AMSCO 400 SERIES 20 Small Steam Sterilizer features a high capacity chamber that has been validated to sterilize up to three 25lb instrument trays. Increased shelf clearance accommodates larger sets. 12 programmable cycles include "Immediate Use" Prevac 4+1, Gravity and Liquids. Cycle names are customizable. The chamber is constructed of solid 316L stainless steel and carries a 15 year warranty. The pressure vessel has a full jacket design to minimize the formation of excess condensation on the chamber interior. Steam activated gasket requires no lubrication and is warranted for 2 years. The automated vertical sliding door is foot pedal activated for hands-free operation. Enhanced display is located at ergonomic height and features large cycle countdown visible from 15 feet away. Ink on paper impact printer provides permanent cycle record. Utilities usage is minimized with multiple temperature sensors. System operation can be continuously monitored with STERIS Proconnect remote service monitoring. Integrated 30kW electric steam generator includes automated flush and drain function to ease maintenance requirements and extend generator life. • AMSCO® 400 Small Steam Sterilizers • 20" x 20" x 38" • Prevacuum • Single Door • Integral Steam Generator • Standard configuration with a Venturi - single phase power only • 480V • Contract: GR VIZIENT CE7594 TIER 3 STEAM STERILIZATION EQUIPMENT	1	42,289.16	42,289.16
