WHERE WE CAME FROM

A group of friends came together to support a local family in need battling brain cancer. A successful fundraiser was held which generated much needed funds to help the family with their medical bills.

Once the immediate need succeeded, Chelsea took the opportunity to continue the mission for more in the community.

Chelsea, Stefanie, and Jessica spent many hours building a solid foundation to continue the local support.

WHERE WE ARE GOING

Our 501(c)(3) nonprofit organization works closely with families affected by cancer to identify their specific needs and provide tailored financial assistance accordingly.

Our goal is to ensure that these families can focus on their health and well-being without the added stress of financial strain, allowing them to prioritize their recover and overall well-being.

HOW WE ARE GETTING THERE

We host (currently) two fundraisers a year, where we partner with two very generous businesses.

Each partner graciously hosts us for an entire day, where community members patronize the business with the opportunity to donate. In addition, a percentage of the days' sales are donated to our organization. Win, win, win. The last win is for shoulder season patron promotion.

Our Partners: Il Lago with Dine and Donate and Coffee Station with Sip and Support.

WHY WE ARE HERE

“ —

When my husband was battling brain cancer, the support from our local cancer fund was a lifeline. The Almanor Cancer Fund helped ease the financial burden and was compassionate throughout every stage. Even after my husband's passing, their kindness never wavered. We're are deeply grateful and couldn't have done it without their support.
