

Chester Public Utility District Board and Staff Education:

12-16-2025

Classes Attended Oct and December 2025

General Manager Evaluations, a Strategic Approach That Works: Steve Voboril, Bonnie Mullaney, and Kim Green attended the CSDA webinar. It focused on the Board giving an effective review with more than just numerical values.

Secretary's Conference in Santa Rosa: Kelly attended the Secretary's conference.

It focused on new education class requirements and knowing your worth and launching the life of your dreams. She took several classes at the conference, expanding her knowledge on several topics, including organizing policies, new Board member on boarding, and using AI and web applications to assist in daily functions. "It's always fun to meet new people and see what all is going on with other different types of districts."
