Dear Representatives,

We are the Redwood Valley Municipal Advisory Council (RVMAC) in Mendocino County, Ca. We are writing to ask you to co-author the bill to Repeal the Utility Tax AB 1999. A planned increase of utility bills of \$30 to \$70 per household per month, even if the lights are off, is set to pay for PG&E's transmission lines only. Millions of people who barely get by, try to lower their electric usage, will get hit with this unless you act. The mistake made by passing AB205 in 2022 is becoming apparent, and this grid charge would serve to discourage energy conservation, unless it is repealed. Please help fix this mess by June 30th to protect millions of people from bill increases. Will you co-author AB1999?

Sincerely,

RV MAC: Dolly Riley, Jini Reynolds, Chris Boyd, Marybeth Kelly, Patricia Ris-Yarbrough,
Adam Gaska, Fran Laughton, and Kahli Johnson

Cc: Supervisor Glenn McGourty, Clerk of the Board

This correspondence is the voice of the RVMAC on a matter of concern for the community, and not necessarily the opinion of the Mendocino County Board of Supervisors.
