MD Buyline -- Please be aware that MD Buyline utilizes Philips current list prices as the basis of calculation for discount comparisons. If you are a customer utilizing a GPO contract with fixed pricing, it is likely that the list price on this quotation is based on an older published price list, and may be considerably less than the current listpricing that MD Buyline uses in its analysis. As such, the MD Buyline discount recommendation may be higher than the Philips offering for your particular purchase. If you have a question, please ask your Sales Representative for clarification. Should you have concerns or want additional information relative to how discount comparisons are calculated at MD Buyline, please call your analyst at MD Buyline.
