

## FEBRUARY 2024 BOARD MEETING

### UTILITIES MANAGER MIKE SUNDBY

1. CONTINUED WITH THE RENTAL GENERATOR AT TAYLORSVILLE. FERREL GAS IS UPDATING PROPANE LINE TO NEW GENERATOR AND A1C ELECTRIC HAS BEEN HIRED TO WIRE NEW GENERATOR FROM MAIN TO AUTOMATIC TRANSFER SWITCH.
2. OUR SECURITY CAMERA INSTALLATION AT ALL OF OUR SITES HAS BEEN COMPLETED. WE ARE IN THE PROCESS OF LEARNING HOW TO USE THE SYSTEM TO VIEW AND DOWNLOAD THE IMAGES.
3. SOMMER CUNNINGHAM HAS BEEN ACCEPTED TO TAKE HER STATE WATER RESOURCE CONTROL BOARD TREATMENT II EXAM. I WILL CONTINUE TO TRY AND HELP HER PASS THIS TEST. RAY IS COMPLETING HIS WASTEWATER REQUIRED COURSE WORK.
4. I WOULD LIKE TO HAVE ALL EMPLOYEES BECOME WATER, WASTEWATER, AND DISTRIBUTION OPERATORS.
5. DIG IT HAS FINALLY BEGUN WORK ON NORTH MAIN. SAW CUTTING PAVEMENT. WE HAVE ASKED DIG IT TO ONLY WORK ON THE FIRST PROJECT RATHER THAN COMBINING BOTH PROJECTS DUE TO THE TIMELINE REQUIREMENT.
6. WE HAVE ACCEPTED THE BID FROM KUNSMAN FENCE COMPANY OUT OF PORTOLA ON THE GREENVILLE WASTE PONDS AND THE TAYLORSVILLE WASTEWATER LIFT STATION. BOTH WATER PLANTS WILL REQUIRE BIDDING.
7. SCADA (SUPERVISORY CONTROL AND DATA ACQUISITION) IS ABOUT 90% COMPLETE. MY NEXT STEP WITH THIS CONTROL WILL BE TO AUTOMATE BOTH WATER PLANTS.
8. WE HAVE ONE LIFT STATION ON CALAIS THAT WILL NEED THE REPLACEMENT OF THE CONTROL SYSTEM AND PUMPS.
9. THE BRIDGE TO THE LIFT STATION NEEDS A TOP REPLACEMENT. THIS MIGHT NOT BE A COUNTY MAINTAINED ROAD.
10. WE HAVE MOVED OUT OF THE PARK CONCESSION STAND. WE HAVE BEGUN PRELIMINARY WEB SEARCHES FOR A TEMPORARY REST ROOM AND OFFICE.
11. THE WELL AT THE PARK IS NOT FUNCTIONING. WE WILL NEED TO HAVE THE PUMP PULLED AND PROBABLY REPLACED.
12. I INTERVIEWED FOR THE PART TIME PARK POSITION.
13. LONG TERM PLANNING SHOULD INCLUDE PURCHASING A UTILITY MANAGERS TRUCK (MINE HAS 180,000 MILES ON IT) AND A NEW BACKHOE. WE ARE CONSTANTLY HAVING TO REPAIR THE BACKHOE.
14. WE'RE CONTINUING TO CAP OPEN SEWER CLEANOUTS IN GREENVILLE TO STOP OUR INFILTRATION AND INFLOW (I & I) ISSUE. WE HAVE CURRENTLY CAPPED 30 CLEANOUTS.
15. I STRONGLY BELIEVE THAT WE NEED TO INCLUDE A MAINTENANCE BUILDING IN THE DESIGN CONCEPT FOR THE 5 ACRE LOT. WE ARE TEMPORARILY USING THE CONCESSION STAND. WE MAY NEED TO BEGIN THINKING ABOUT A TEMPORARY BUILDING FOR US IN THE LOT.
